

Dear Alcoholism & Drugs

Why did you pick my family?
Why won't you let go of my dad?
My dad will probably die because of
you! He has already lost his drivers
licence from drunk driving. He can't
come to see me unless he is lucky
enough to get a ride.
I can't live with my mom because
of you! I hardly get to see my
parents. I can't even call my mom
because she can't afford a phone.

I Hate You!
